DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 11 April 2008 is being considered by the examiner.

Allowable Subject Matter

2. Claims 1-12 are allowed.
3. The following is an examiner's statement of reasons for allowance: A search of the prior art does not disclose or reasonably suggest a device comprising a semiconductor suspended over an insulating substrate with a gate dielectric formed on the top, laterally opposite sides and only part of the bottom. A gate electrode is formed on the top, sides and the part of the bottom. The gate electrode has a pair of opposite sides oriented perpendicular to the sides of the semiconductor. The bottom of the gate electrode undercuts (claim 1) or the top of the gate electrode overhangs (claim 7) along the laterally opposite sidewalls of the gate electrode, in the context of the entire claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
